B.22	E-mail Address	

SCHEME OF FUND FOR REGENERATION OF TRADITIONAL INDUSTRIES (SFURTI)

SFURTI is an innovative cluster Development Programme of the Ministry of MSME, Govt. of India which is entrusted upon Indian Institute of Entrepreneurship (IIE), Khadi and Village Industries Commission (KVIC), Coir Board, NIMSME, IL&FS and J&K KVIB for developing clusters from Khadi and Village Industries across the country.

Objective of the programme:

- i. To organize the traditional industries and artisans into clusters to make them competitive and provide support for their long term sustainability and economy of scale;

- ii. To provide sustained employment for traditional industry artisans and rural entrepreneurs;
- iii. To enhance marketability of products of such clusters by providing support for new products, design intervention and improved packaging and also the improvement of marketing infrastructure;
- iv. To equip traditional artisans of the associated clusters with the improved skills and capabilities through training and exposure visits;
- v. To make provision for common facilities and improved tools and equipments for artisans;
- vi. To strengthen the cluster governance systems with the active participation of the local stakeholders, so that they are able to gauge the emerging challenges and opportunities and respond to them in a coherent manner;
- vii. To build up innovated and traditional skills, improved technologies, advanced processes, market intelligence and new models of public-private partnerships, so as to gradually replicate similar models of cluster-based regenerated traditional industries.

Implementing Agencies (IAs)

Implementing Agencies (IAs) would be non-Government organizations (NGOs), institutions of the Central and State Governments and ,semi-Government institutions, field functionaries of State and Central Govt., Panchayati Raj institutions (PRIs), etc. with suitable expertise to undertake cluster development. One fA may normally be assigned only one cluster {unless it is an agency with State-wide coverage). The selection of IAs, based on their regional reputation and experience of working, at the grass-roots level, will be done by the Nodal Agencies (NAs), on the basis of transparent criteria.

Role of Implementing Agencies:

The role and responsibility of IAs includes the following:

- i) Recruit a full-time CDE preferably one amongst the stakeholders who has desired knowledge and capability in order to ensure efficient implementation of the project;
- ii. The IA would identify and arrange suitable land for the project ;
- iii. Implement various interventions as outlined in the approved DPR;
- iv. Undertake procurement and appointment of contractors, when required, in a fair and transparent manner;
- v. The IA will enter into an agreement with the Nodal Agency for timely completion on cluster intervention and proper-utilization of Government Grants;
- vi. Operation & Maintenance (O&M) of assets created under the project by way of user-fee based model;
- vii. Responsible for furnishing Utilization Certificates (UCs) and regular Progress Reports to Nodal Agency in the prescribed formats.
